Garage & Yard Sale Requirements

Did you know a permit is required in order to conduct a garage or yard sale in Corona? The City allows only three (3) sales per year per applicant or location. Display of sale items should not block the sidewalk, parkway, or any area within the public right-of-way, as this could be a health and safety hazard. No more than two signs are allowed on the sale premises, and no more than two additional signs off premises. Be sure to get permission from the property owners where signs are placed. Do not place signs on utility poles, light poles, utility boxes, stop signs, or mail boxes, and don't forget to remove your signs after. Failure to do so may result in a citation. When applying for a permit, be sure to list the personal items that you will be selling and post your permit on the premises of the sale while in progress. You can purchase a permit in person by visiting City Hall (400 S. Vicentia Ave.) or online by visiting www. CoronaCA.gov/Permits. To report an illegal garage sale after hours or on weekends or holidays, please contact the Police Department at (951) 736-2330. Good luck with your sale!

Have you heard about Quick Response Code Stickers

The Vial of Life is an emergency preparedness program that allows citizens to compile personal information and have it readily available for 9-1-1 responders in the event of an emergency. The Vial looks like a prescription pill bottle, but contains

an individual's health information including the name and contact information of a primary medical provider, existing health conditions, allergies, and medications the individual might take. Once completed, the sheet is placed in the Vial and stored on the top shelf of your refrigerator door. A magnet, provided with the Vial, is placed on the upper right corner of the refrigerator to alert emergency personnel that the household participates in the program.

The Vial of Life program is now augmented with Quick Response (QR) code stickers. These QR codes are scannable with any smartphone and can give firefighters instant access to your medical profile. To take advantage of this helpful program, pick up your personal QR code sticker packs and Vial of Life at any Corona Fire Station or Corona Fire Headquarters. Each kit comes with 4 vinyl stickers, all with the same ID and PIN to be used to access one profile. Then, go to www.GetMyID.com and click on Sign Up to create a MyID profile, an online medical profile that can be accessed anywhere. Many use it to manage personal medical information and clearly communicate important information to health care providers. MyID profiles are free, and you can add as many profiles as you want. Make an account for yourself, your senior parents, and/ or your children. Finally, use the ID and PIN found on your stickers to link your personal stickers to your MyID profile.

This could help save your life, or the life of someone you love! For more information go to www.CoronaCA.gov/Fire.
